

HANDLER_ID
The identifier that sticks with a given piece of land, regardless of owner or operator
HANDLER_NAME
For Owner/Operator records, this is the "then current name"; for Handler records, this is the "current name."
SOURCE_TYPE
Indicated the source of this line of data, according to these codes: N = Notification A = Part A I = Implementer R = Annual/Biennial Report B = Annual/Biennial Report updated with Notification' E = Emergency T = Temporary U = Unknown
OWNER_OPERATOR_INDICATOR
"C" indicates "Current" as of this line's date "P" in the first column indicates this line refers to a Previous (not current) owner or operator "O" indicates this line refers to an "Owner" "P" in the second column indicates this line refers to an "oPerator"
OWNER_OPERATOR_NAME
Name of the then-current Owner or Operator, depending on which is indicated by the OWNER_OPERATOR_INDICATOR.
ODATE_BECAME_CURRENT
A date supplied on the 8700 form establishing Owner or Operator status.
ODATE_ENDED_CURRENT
A date sometimes supplied on the 8700 form establishing Owner or Operator status.
HRECEIVE_DATE
The date the regulatory agency receives an 8700 form.
HACKNOWLEDGE_DATE
A date sometimes filled in by the regulatory agency, in response to receiving an 8700 form.
LAST_CHANGE
The date this line of data was last altered inside RCRAInfo. This is sometimes the date it was entered, but it can also be the date an edit was made in the database, or the date entire data tables were redesigned during an upgrade.
NOTES
A field available to the regulatory agency for notes related to this line of data. Sometimes it is filled in with facility supplied information.
